Number 35

Local Member Addresses Meeting Here on Tuesday

Was Accompanied by Member from Cyprus

Dr Robinson M L A for this constituency, and Mr Flamme, member for Cyprus, addressed a well attended meeting in the I O O F Hall here last Tuesday evening. The speakers gave an interesting review of the legislation passed at the first session of the legislature under the direction of the worlds first Credit Government.

Mr Flamme dealt mainly with the legislation of interest to farmers and ranchers of this section of the province while Dr Robinson's address was a thorough and interesting review of the new legislation referring mainly to the urban sections.

Mr C Evans, president of the local group, acted as chairman and Mr W Willis, Secretary read the business minutes of the previous meeting.

Mr Flamme dealt with the financial situation of the province claiming that with \$160,000,000 it was impossible to continue paying the present rate of interest and just as impossible to borrow the province out of debt.

He claimed the present government had come nearest to balancing its budget at the present session. To do this it was necessary to raise some taxes and curtail expenditures. The object was to finance the province internally to save interest. He advised not to bother about taxes or roads as 50c of every dollar collected goes east to pay our debt and interest. Mr Flamme advocated putting much of the leased lands into community pastures and that farmers and ranchers themselves get out and improve the roads.

Dr Robertson opened his remarks in a jocular strain which put the audience in good humor and then proceeded to outline the high lights of the session. He said the three members from this section of the province had worked hard to get better roads and that the minister of public works would visit the district soon.

The Social Credit measures Act was handed over to the Lieutenant Governor in Council to formulate plans for the carrying out of Social Credit in the province and authority was given to the Cabinet for the establishment of a provincial bank. said the speaker. He claimed that at present the banks were not meeting the needs of the people.

Legislation dealing with just prices provided for a sale minimum wages, hours of work, trade union, false advertising, false fire sales etc, all of which would tend to increase purchasing power with no increased prices.

Plans were also under way, said the speaker for the development of industry within the province and to encourage small companies which were using the resources of the province. In this connection Dr Robertson stated that if Redcliff had any prospects for starting an industry here he would render all the assistance he could in

Premier Brick Plant Now in Operation

Prospects Promising For Busy Season This Year

The Premier Brick Plant commenced operations this week for the manufacture of all kinds of the high class quality of brick for which Redcliff is noted.

The usual staff is employed and prospects are promising for a good season's run as the demand for brick is rapidly growing and the local stock on hand is getting low.

All three brick plants in town are now in operation.

School teachers and scholars are all ready for the School Festival in Medicine Hat tomorrow. There will be some excitement among the youngsters until it is all over. All are hoping they will make a good showing.

Bringing it to a successful issue. Reference was also made to the Dominion Housing Mortgage Act. The Provincial Loan Refunding Act and the act giving the government power to enter into an agreement with Ottawa to refund the provincial debt. Dr Robertson also announced that the Chairman of the Workmen's Compensation Board would be in Medicine Hat this coming summer to investigate complaints in this department.

During the evening Mrs George of Medicine Hat, announced that a group from the city would put on a play here on May 8th.

School Concert Well Attended Here Last Friday

Program by Pupils Taking Part In School Festival

Pupils of the public school who are to take part in the district festival to be held in Medicine Hat this week-end, put on their program in the Little Theatre last Friday evening.

The building was taxed to capacity to accommodate the crowd which turned out for the occasion and all were delighted with the splendid showing made by the pupils in the several competitions in which they are entering for the festival.

The program opened with a chorus in which 25 pupils took part. They sang: "Come Over the Brook" and "The Farmers Boy" both of which were two part choruses and were exceptionally well rendered.

As eighty pupils in all took part in the program it would be well nigh impossible to single out any one item as outstanding or to give a full outline of each item.

In the solo contests Jacqueline McLeary and Joyce Belmer represented grades 1 & 2. Lauris Maillard and Bruce Sheehy grades 3 & 4. Florence Bailey, Gordon Sheehy and Betty Hawker, grades 5 & 6. Agnes Findahl and May Martin, grades 7 & 8.

All the soloists from the youngest to the oldest did very nicely and showed careful training.

MORE BAD NEWS FOR SINGLE MEN

Here's bad news for single Albertans who are threatened with garnishment proceedings against their wages

The rules of court have been amended to reduce the exemption of \$75.00 a month to \$40.00. This means that if you earn \$40 a month or over, you are liable on garnishment, it was announced Tuesday.

EXEMPLARY GENT MET ACCIDENT DEATH

He brushed his teeth twice every day with nationally advertised tooth brush, the doctor examined him twice a year; he slept with the windows open; he stuck to a diet with plenty of fresh vegetables; he relinquished his tonsils and traded in several worn out glands; he golfed, but never more than 18 holes; he never smoked, drank lost his temper; he did his daily dozen duty; he got at least eight hours of sleep each night.

His funeral will be held next Wednesday. He is survived by 18 specialists, four health institutes, six gymnasiums and numerous manufacturers of the health foods and appliances.

He had forgotten about trains at grade crossings.

"When it is considered that smutty wheat penalizes the grower from \$75 to \$90 a car, the advantage of treating seed against smut is obvious. Scientific methods have proven the expensive mercury dust treatment to be the best treatment for seed."

Alberta Wide Scheme For S. C. Organization

Have Annual Convention and Delegates From Each Riding

Approved by caucus of Social Credit members, a scheme decided to bring into being a provincial wide Social Credit organization now is in process of formation.

Social Credit members in each constituency are the official organizers operating under the new constitution of the organization known as the Alberta Social Credit League.

The far-reaching plan of organization includes formation of S. C. groups, zoning of ridings, constituency associations, divisional conferences and a provincial convention which would be attended by one accredited delegate from each of the 3 ridings.

No action towards forcing non-citizens to take out naturalization papers in order to hold jobs in Alberta is contemplated by the provincial government, Premier Abernethy said yesterday. Neither is any immediate measure planned to prevent these workers from sending their savings out of Canada, to their home lands, he said.

At the same time the premier affirmed that non-citizens should not be allowed to hold odd jobs in this province when genuine citizens are unemployed.

TO STOP SENDING MONEY FROM ALBERTA

Practice of non-citizens who worked in Alberta and sent money to wives and relations outside the country should not be tolerated, Premier Abernethy asserted Sunday at his Prophetic Bible Institute in reply to a letter.

"This shall be remedied as soon as possible and as far as possible," he added. Non-citizens should not be allowed to send money outside the province.

Council Had A Long Session Monday Night

Tax Rate Same As Last Year 50 Mills

There was an unusually large attendance of spectators at the council meeting last Monday evening and the several delegations kept the councillors working overtime. It was after midnight before they adjourned. The discussion in connection with the question of allowing a tennis court on Broadway took up considerable time as a delegation for both sides was present.

Mr A McGimpsey raised objection to the location of a tennis court east of his building. He claimed it would interfere with the privacy of his living quarters and cause the littering of crowds around his building.

Mr H Van Wort informed council that a club had been formed and that it was not a private enterprise but he was financing the undertaking. He said the younger members of the club get the court started. The sight was chosen so there could be proper supervision and the grounds properly looked after.

After considerable discussion Councillor Brydle moved that considering complaints raised by Mr McGimpsey the request of the tennis club for use of property be not granted. The motion was lost councillors Brydle and Newham voting yes and councillors Findahl and Evans voting nay.

Councillor Moore refrained from voting, and councillor Hope was not present.

Wo Tong applied for quarters in which to live. The matter was referred to Mr Kitchen to arrange.

Mr T. Fairhurst asked for price set on houses in which he is now living. The matter was referred to the building committee for investigation and to report at next meeting.

Mr H Dacre asked for the use of two lots in Lockwood for this summer as he had planted a number of trees and shrubs on them and he would remove them as soon as the season would permit. His request was granted.

Council decided to have a special meeting on Monday, May 4th for the purpose of inspecting town buildings and set price on same.

A D Rose wrote offering \$175 for house on Third St. The matter was referred to the building committee for investigation.

Accounts as passed by the finance committee were approved for payment.

Hours for watering gardens were set the same as last year viz. from 7 to 10 a. m. and 5 to 9 p m same to be enforced.

The tax rate for 1926 was set at 50 mills the same as last year for town property. The rate on school lands for school purposes 25 mills and for acreage in the school district 10 mills.

The Moose River gold mine revenue fund has now mounted to \$45,000 cash. The money will go to the men who saved Dr. D. I. Robinson and Alfred Scadding of Toronto from death in the bowels of the mine.

Vancouver's Golden Jubilee

Forty years ago the first transcontinental Canadian Pacific Railway train from Montreal reached the Pacific Coast. This summer Vancouver, now the Gateway to the Orient and for ships of the entire world, will celebrate the Golden Jubilee of its founding as the western terminal of the Canadian Pacific Railway. Commencing July 1 with Dominion and International Good Will Week, the programme continues with the Canada Pacific Exhibition on September 7, and includes land and water sports, several weeks of grand spectacles, musical attractions, visit of American warships, a two-day air show with a solo flight across Canada planned as the highlight. Ford decorations, visit of Mayor Shivers in mid-July, traditional

parade of an Alameda battalion, frontier week street dancing and cook-outs, and historical exhibits arranged to illustrate Vancouver's steady progress during the first half century of its existence.

Even before the beginning of the celebration proper, many colorful events will be given recognition, including Empire Day and horticulture show in May; Pioneer festival on June 11-14; school programme in June; Richardson Canoeing, which will attract thousands June 14 to 16; golf tournament, King's Birthday, and religious observances.

One of the highlights of Vancouver's jubilee will be the re-naming of the arrival of the first Canadian Pacific train almost half a century ago. The venerable old engine, first to the coast, will be run again with its original pilot, W. H. Frost, at the throttle. Some of the old-timers who saw the first train arrive will also be present for the occasion. The Canadian Pacific Railway will run tourist slow train from Eastern Canada to the Pacific Coast for the event, with stop-over privileges at Rocky Mountain, Banff, Jasper, Lake Louise, and other famous Rocky Mountain resorts.

Pictures show the old and the new Vancouver, and Sir William Van Horne, former president of the Canadian Pacific Railway, who chose the name of Vancouver in 1864 for the western terminus of the first transcontinental railway line.

School Cont. II

(Continued from page 1)

Recitations came next. In this Alice Shlimmon and Joyce Balmer represented grades 1&2 Bruce Shasany and Kathleen Cooke, grades 3 & 4. Bessie Curden, Richard Cooper and Bobby Wyatt, grades 5 & 6. Evelyn Kaldstad and Evelyn Fulton, grades 7 & 8.

All rendered his and her recitation in a most pleasing and impressive style. In the dramatization contest, Grade 1 put on the play: "Rock Cakes." In this the cook was making a cake and the little ones taking part each came in bringing the different ingredients which went into the cake. Most amusing was the entrance of the cow which furnished milk for the milk. The play was most amusing and exceptionally well staged.

"Fairy Prisoners" was presented by grades 2 and 3. The fairies took a little boy prisoner for ill treating his sister. The sister in searching for her brother was lost and was also taken prisoner. After admitting their faults and promising to be good the fairies brought the mother and children together again. It was a smart little play and all did their parts exceedingly well.

Grades 4 & 5 put on "Three Fairy Gifts." In this play the fairies very impressively convinced the boys and girls that neither wealth, beauty nor stealing could lead to happiness. The play was well staged and the children taking part did wonderfully well.

The play staged by grades 6, 7 & 8 was: "King Midas." In his audacity the king ventured to place one of his favorite mortals to compete against that god of music. Because of his presumption he grew asses ears, was made the laughing stock of the community, became humiliated before his subjects and bringing disgrace to his faithful daughter.

All taking part in this play portrayed their parts in a manner that captivated the audience.

On the whole the entertainment went with a great success and Redcliff citizens will be greatly disappointed if the usual number of trophies do not come to Redcliff again this year.

Notice of Preparation of Assment Roll

TOWN OF REDCLIFF
 ASSESSMENT ROLL 1936

NOTICE is here by given that the assessment roll of the Town of Redcliff for the year 1936 has been prepared and is now open for inspection at the office of the secretary treasurer from ten o'clock in the forenoon to four o'clock in the afternoon on every day which is not a public holiday, except Saturday, and on that day from ten o'clock in the forenoon until two o'clock in the afternoon, and that any person who desires to object to the entry of his name or that of any other person upon the

said roll or to the assessment of any property or to the assessed value placed upon any property must within thirty days after the date of this notice lodge a complaint in writing with the secretary-treasurer.

FLEMING'S FOLLY

BY LAWRENCE A. KEATING

SYNOPSIS

The story opens with Link Fleming, County attorney, called together with the object of forming an irrigation company.

The meeting terminates, but Buzz Hamilton and his sister, Helen, Link and Kipgo stay behind and Helen asks Fleming questions about his irrigation plan. This angers Buzz, who accuses Fleming of trying to influence his sister and, as he asserts, ruin his "reputation." Buzz shoots at Fleming in an uncontrollable fit of anger, but Buster Townsend, Link's nemesis, is shot in the stomach, and Fleming is unhurt. Buzz is arrested and sentenced to three years imprisonment.

Helen and Fleming form a partnership to provide irrigation for their own properties.

Fleming goes home and studies the plan drawn by Tommy to learn whether they could be adapted to a smaller scheme suitable for his sister's land, and is satisfied it could be done. Feeling cold, he lights the fire and there is an explosion that wrecks the house, burns it and the fire and renders Link suspicious. He is rescued from the blaze by his employees.

Helen and Link ride to Rawlsville for supplies and to obtain funds to carry out the scheme. Fleming, who meets Roger, who greets Helen and offers to sleep with her. Link goes to see the Sheriff, who tells him that Helen has been married, and would arrive on the morning stage, but that he thinks Link has made a mistake in getting Buzz released. Buzz Hamilton arrives back in Rawlsville while Fleming and Helen are in the bank getting a loan for payment of wages for work on the dam. Roger Kipgo and Jackpot Miller meet him and he goes into the saloon with them. By the time he and Link come from the bank, Buzz has had several drinks. Roger has distorted the facts concerning the dam project to Buzz, making it appear that Link was trying to ruin him. Buzz, inflamed with liquor and anger, tries to throttle Fleming, but is thrown to the floor. Then Helen appears and tells Link that she has been released from the \$500 they had obtained from the bank.

(Now Go On With The Story)

CHAPTER XI—Continued

"Link," she added on sudden impulse, "do you think this dam is going to bankrupt you?"

Something in her worried tone made Fleming eager to go to any extreme to antagonize Helen and her property. "Well, come through," he said with confidence he did not quite feel. "We still have our stores to sell, and now we get cash for them."

BRICATICA
Work the natural pain with warm water (see box) and you'll feel better!

MINARD'S
"KING OF PAIN"
FOR MEN

for the distant peaks of the mountain range. But Fleming, with a look of cheerful confidence, strode to the ranch house stoop, the men following suitfully at his heels. On this slight eminence he turned to address them.

"Orion and Kevin told me how you feel, and I don't blame you, boys. But don't think I'm not in good faith about this wages proposition. I want—"

"To hell with good faith!" broke in Gyp Vailie. "Give us hard cash!"

Plenty he was foremost in stirring up discontent. Buster Townsend's fists doubled and he seemed about to challenge Gyp with a slight shake of the head Link warned him. "What the heck's you talkin' about? You don't work on this dam any more. I fired you this mornin' for a lay, god-for-godder!" Justice!

"The man's powerful chest," heaved "I'm owed wages," he roared. "An' by god, I mean to get my rights!"

"You've got a good claim to the money," Buster retorted bitterly. "You tried to beat a shute game on us, yuh hum! Lettin' it drop 20 feet. I've a good mind to—"

"Hold on, boys!" It was news that Vailie had been discharged, that he had attempted sabotage. But Fleming disregarded this point for the moment. "I started to say," he proceeded calmly, "that Miss Hamilton and I want to Rawlsville this afternoon to get your payroll."

"But didn't get it, eh?" guessed a man named Ferguson.

"We got it all right—eight hundred dollars. But I had to stay in town to meet Buzz Hamilton. You see, I got Buzz pardoned to get him out of prison as a surprise for his sister. I gave her the money and she started here as fast as her horse could travel."

"Boys," he said soberly, "I'm shore sorry. Helen Miss Hamilton—got held up. Some dirty scoundrel, a handana mask, stepped out of the trees at him from Spring, and stopped her at the point of a gun. She put up a gang fight, but of course he was stronger." He grabbed her eight hundred and got away.

"Then our money's gone!"

These and similar exclamations broke from the crowd of irritated dam workers. "Instantly Link perceived that by phrasing it as their eight hundred dollars, he had scored a point."

"Yes, she got robbed and pretty much ruined her money," he said. "Sheriff Stephen is trailin' the case right now, and there's a darned good chance of nabbin' him quick. He'll sure get the limit for holdin' up a woman an' taking money earned by the sweat of your brow."

"She was about to trip inside the ranch house when he stayed her. Kevin and Orion sat waiting on the porch two hundred feet distant but they were conversing with faces turned away. "Helen," Fleming said, "anybody examines it, they've got to admit it's worth!"

"Of course it will work, Link," she listened a moment. "I hear Buzz, Link. Please let me know what goes on."

"She was about to trip inside the ranch house when he stayed her. Kevin and Orion sat waiting on the porch two hundred feet distant but they were conversing with faces turned away. "Helen," Fleming said, "anybody examines it, they've got to admit it's worth!"

Natural Bran

MAKES YOUR BAKING BETTER

With Quaker Natural Bran you get that real, spicy, nutty flavor... the flavor that makes bran dishes so delightful, so tempting. And because it is natural bran, Quaker mixes better, rises higher and, all 'round, gives you better baking results.

Quaker Natural Bran is healthful, too, for every member of your family. It helps rid the system of impurities naturally, gently and without irritation. Serve bran foods often... you'll find with Quaker Natural Bran, they're surprisingly economical.

There's a folder of delicious bran recipes and the valuable coupon in every package. Order your supply now.

Quaker Natural Bran

SINCE I'VE BEEN BAKING WITH QUAKER NATURAL BRAN, JOHN AND THE BOYS TOO, JUST LOVE BRAN DISHES. IT'S SO GOOD FOR THEM!

Look for the Quaker Natural Bran logo on every tin. It's the only one with the living man. Ask for the delicious recipe folder in every package.

Wanted To Play Safe

Man Withdrew Charge Against Son

Of His Barber

Herman Genksky, a New York factory worker, losing courage, had taken refuge in taking risks. After he had had Joseph Shannow arrested on a charge of stealing from the factory he decided when the case came into court, not to proceed with the charge. The magistrate asked him to explain. "Well," said Mr. Genksky, "Joseph's father is my barber. Twice a week I sit in his chair and my throat is at his mercy. It is in order to serve and protect to hold Joseph on a charge of theft."

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Ready to Go

The three should your out two pounds of bile every day. You need something that works. Carter's Little Liver Pills are just what you need. They are the only pills that will get the bile out of your system. They are the only pills that will get the bile out of your system. They are the only pills that will get the bile out of your system.

Interesting Mosaic Piece

Shows How Times Were Milled In Olden Times

Among the many interesting relics which have been unearthed during the excavations of the Ur of the Chaldees, the birthplace of Abraham, is a mosaic piece showing the process of mowing corn. On one side of a red-brown calve, from the door of which four men are seen leading, are mowing corn. The men sit on the cow's tail, milking the animal from behind. The calves, dirty matted, are reared to the cow's headstall so as to encourage her to give milk. On the other side of the bowl, the men are seen cleaning the calves, the official dress of priests, are pouring milk through a strainer into a vessel set on the ground, while two others are collecting the strained liquid into great stone jars. This scene is said by experts to represent a scene at a farm attached to a temple, a farm dating about 3100 B.C., employing dairy methods which might have been employed with profit in the intervening centuries.

Another find of interest to students of agriculture was a small statue representing the Goddess Bau, seated on a throne supported by two lions. Bau was the patroness of the poultry farm, and her figure, square and thick-set, in a flounced and pleated dress reaching to the ankles, has an appropriately domestic look.

But Gyp Vailie with Ferguson at his side, intervened before Fleming could speak to the next man. "Yuh can pull that on those guys," Gyp snorted roughly, "but yuh can't keep me from windin' my money an' I want now!"

Townsend shrugged his way close, fearing trouble. "Buster," he manded the Star Loop owner aggressively, "are you sure about this business tryin' to wreck that stage?"

"Plumb shore," said the stoutest. "Yuh didn't low-down Gila?"

ARE YOU MISERABLE?

Most electric fishes have rather weak batteries to keep off their enemies, but the torpedo fish and the electric eel are powerfully destructive.

The origin of Cambridge University in England is obscure. It probably grew out of a local educational movement during the twelfth century.

A grasshopper of Guinea has large glistening eyes that scare off enemy flies.

Little Helps For This Week

Call into me and I will answer them, and show thee great and mighty things which thou knowest not. Jer. 33:33.

No voice of prayer to Thee can be so sweet as light Thy love has revealed. Not always what we ask, indeed, but of most kind, just what we need.

If you have any trial that seems intolerable, pray that it may be relieved or changed. There is no harm in that. We may pray for anything and wrong is done with perfect freedom, if we do not pray selfishly. One disabled from duty by sickness may pray for the power to do his work, or if we have a hesitating eye we may pray to be delivered from it. In order to serve and protect, man, and not be the one to mislead and annoy. But the answer to the prayer may be, as it was to Paul, not the removal of the thorn but a growing insight into its meaning and value. The voice of God in our soul may lead us, as we walk up to Him, that his strength is enough to enable us to bear it.

Getting Something Done

Canada's Sea Tonnage

Is Now Only One Third of Fifty Years Ago

Canada's tonnage in seagoing vessels was only one-third of what it was 50 years ago. Fred Briggs, port warden at St. John's, told the Ontario Legislature that the tonnage of Canada's seagoing vessels had increased from three per cent of the world total in 1846 to 14 1/2 per cent in 1895. In comparison, Japan's tonnage has increased from one-half per cent 50 years ago to six per cent. Change from sail to steam, he believed, was the cause of tonnage decline in Canada.

Gold In New Guinea

Will Prove Mining Far At Least Twenty Years

New Guinea has sufficient gold to prove mining for 20 years, according to Sir George Pearce, Australian Minister in Control of Territories, in a report to the Commonwealth Prime Minister on his return to his duties here after a visit to Papua and New Guinea. "The fields will be one of our principal producing centres for many years," he said.

Shays Improvement

Considerable improvement has been effected in Canada in the preparation of fleece wool since 1913 when particular attention was first directed to the means of quality improvement and the manner of preparation for market. At present all commercial wool in Canada is sold in the grease, and the fleeces ruled and laid intact as they are shorn.

Outlook Is Better

The outlook for Saskatchewan farmers for the year 1936 is one of optimism. Good horses are scarce and prices are high. The outlook for the year 1936 is one of optimism. Good horses are scarce and prices are high. The outlook for the year 1936 is one of optimism. Good horses are scarce and prices are high.

"Primer, you are found not guilty and are discharged."

"But I've been kept in custody for a fortnight. Does that count as a term?"

"It's made especially under the purpose."

"Boy! I can breathe now!"

Just a few drops of Vicks Vapo-rinol and each inhaler reduces sudden nose-stuffs, clears stuffiness, stops sneezing, soothes throat, helps prevent many colds.

Interesting
Local Items

Mr. C. G. Hoogveld was a business visitor in Calgary last week-end.

Mr. W. Waters left this week for Tilley where he has secured a good position.

Mrs. H. Cooper is able to be around again after her recent illness.

Miss Edith Collard is now recovering nicely after being laid up for a week with a severe attack of the flu.

Mr. Wm. Hearn has purchased the residence in Lockwood previously owned by Mr. Blair and intends moving there shortly.

Miss May Gordon, who has been undergoing treatment in the hospital for blood poisoning, was sufficiently recovered to return home last Monday and is now gradually improving.

Mr. John Ellis met with a painful accident last Tuesday as a result of which he had two of his broken. He was going out of the house when he slipped off the steps, falling on his side.

Members of the A.Y.P.A. of St. Barnabas Church, Medicine Hat, were entertained in the Parish Hall here Tuesday evening by the local members. A pleasant social evening was spent.

Mrs. Tom Rutherford received word from her grandmother, P.H. Wedderburn, who is now living in South Africa, announcing the sudden death of Mrs. Wedderburn, from a severe heart attack.

St. Mary's Altar Society will hold an afternoon tea and card party in the I.O.O.F. hall on Wednesday afternoon May 6th, beginning at 2:30. Mrs. Briggs of Medicine Hat will give with-ten tea cup readings. Come along and take your fortune home.

In some parts of the province rabbits are reported to be dying "by the hundreds" from some disease. As there is a possibility of domestic animals and well contracting the disease, it is suggested that places where large numbers are found should they should be piled up and burned.

Miss Elsie Frey and Miss Orpha Beeler spent last week-end in Calgary visiting friends.

Mrs. Carlson of Alderson, is at present visiting in town the guest of Mrs. Wheeler.

Word has been received from Los Angeles stating that H. Lamont formerly of Redcliff is dangerously ill.

Mrs. Leonard Hicks, of Calgary, is here this week visiting Mrs. E. Hicks Leonard also spent the week-end with her mother.

Mr. Gorham was taken suddenly ill last Sunday evening and is now in the hospital undergoing treatment. His many friends will be glad to know he is improving favorably.

The Ladies' Auxiliary to the Mission will hold their monthly meeting in the Legion rooms on Tuesday, May 5th at 2:30 p.m. The executive committee will meet on Friday night at 7:30 at the home of Mrs. McDermid.

Now that citizens have commenced preparing gardens, lawns and flower gardens, owners of stock should see that their animals are kept under control. It is very annoying to have them prowling around private property when spring work is being done.

LOST—3 Collie: one grey shag dog, 2 years old, branded with over S 8 on right hip. One grey collie, yearling no brand; one bay mare, 2 yrs old branded over S 8 on right hip. Finder please communicate with E.L. Schneider, Bowell, or Review Office, Redcliff.
